

## ***Webinar Archive for Special Education Division*** **Early Childhood Special Education Web-based Seminar**

This is the archive for the webinar that took place on Friday, May 1, 2009  
Information related to this event is posted on <http://www.scoe.net/SEEDS>

### **HOW THE WEBINAR ARCHIVES WORK**

Once you click on the URL the "Wimba Archive" you want to view, these are listed below. Then enter your name into the participant field, the archive should load on its' own and begin to play within a few seconds. If not, hit the "navigation" button. The navigation button also appears on the bottom left hand corner of screen when you login.

There are two windows that will be opened as you listen to the archive. In the first large window the presentation will open. The presentation slides will automatically advance for you, and you will see and hear everything as it happened in the live presentation. The second small window is the navigation window of the slides. You can also move through slides within the archive by clicking on the name of a slide in the navigation window. This is a good way to view the sections of the presentation that are most important to you.

### **PRIOR TO VIEWING THE WEBINAR ARCHIVES**

Please note that this archive combines streamed video and audio over the Internet, so it requires running a DIFFERENT wizard test than for the live event. Access this wizard at:

<http://wested2.wimba.com/wizard/launcher.cgi?wc=wms>

NOTE: One common problem you may find would be that your browser has its pop-up window blocker turned on. Follow the help prompts in the wizard to find out how to unblock your browser pop-ups.

### **HOW TO VIEW THE WEBINAR ARCHIVE**

1. Once you have run the Wizard, either click on the links on SEEDS website or go to the URL's listed below.
