Featured Presentations

Economics

Presenter: Dr. Yan Zhou
Assistant Professor of Economics, CSUS

The economics lecture will provide an overview of economic concepts. The session will also highlight the economic history of revolutionary France.

An Introduction to Chemistry

Presenter: Kathy Nakamatsu
AP & Honors Chemistry Teacher,
Saratoga High School

For the introduction to Chemistry lecture, presenter Kathy Nakamatsu will focus on selected portions of the structure of matter section of the *USAD Science Resource Guide*.

The French Revolution

Presenter: Dr. Mona Siegel
Associate Professor of History, CSUS

The French Revolution of 1789 proved the most radical democratic experiment yet undertaken in the modern world. Why did the French overthrow (and execute) their king? What principles and institutions shaped the new government? What did the French Revolution represent to oppressed peoples throughout the world? In this lecture on the developments of the French Revolution, Professor Mona Siegel will address these critical questions, which are central both to preparing for the 2009 Academic Decathlon and to understanding the birth of democracy in the modern world.
