Did You Know...

- ✓ *alcohol is the most widely abused substance among America's youth*
- ✓ *14% of tenth graders and 28% of twelfth graders reported being drunk at least once in the last month*
- ✓ *each year approximately 5,000 young people under age 21 die as a result of underage drinking*

We want to hear from you!

The purpose of this meeting is to increase awareness of the issue of underage drinking, identify how underage drinking affects the community and brainstorm possible solutions.

We encourage every parent or guardian to attend this important meeting, along with their children and teens. This is an opportunity for parents, teachers, officials, youth and other community members to voice their concerns and suggest ideas for preventing young people from using alcohol.
