

Sacramento
Spring 2010

ADULT/ Career Technical EDUCATION COURSES

These courses meet the requirements for the Designated Subjects Credential Level 1 and Level 2 Requirements

Characteristics and Management of Career/Technical/Applied Academics Education for Adult Students

EDS 102

~ Dates: Jan. 8, 9, 22, 23, 29, 30, 2010

Demonstrates how to design motivating instruction that builds self esteem, maintains on-task behavior, and promotes learning among students at different developmental levels and of varying abilities. Examines stages of development of the adult/career technical education learner and methods of maintaining student discipline using strategies that are free of bias and promote learning among diverse students. *This course is the first of two courses that meet the requirements of the Career Technical Education and Adult Education Designated Subjects Credential, Level 1.*

Assessment and Instruction in Career/Technical/Adult/Applied Academics Education

EDS 103

~ Dates: Feb. 5, 6, 12, 13, 26, 27, 2010

Demonstrates how to develop performance criteria, continuously assess student performance levels, prepare lesson plans and units of instruction for use with individual, small group, and whole class delivery systems, keep accurate records of student achievement, and perform program evaluations. *This is the second of two courses that meet the requirements of the Designated Subjects Career Technical/Adult Education Credential, Level 1.*

Teaching Diverse Learners in Career/Technical/Adult Education

EDS 104

~ Dates: Mar. 19, 20, 26, 27; Apr. 9, 10, 2010

Demonstrates how to encourage excellence among and design instruction for students from different gender, ethnic, religious, sexual orientation, language, and ability groups. Includes consideration of relevant law, sensitivity towards cultural heritages, principles of language acquisition, bias free instructional materials, and inclusionary programs. Examines the work of major education theorists and the research on effective teaching practices. Demonstrates the use of technology and computers in instruction. *This is the first of two courses that meet the requirements of the Designated Subjects Career Technical/Adult Education Credential, Level 2.*

Advanced Instructional Design, Program Evaluation and Leadership in Career/Technical/Adult/Applied Academics Education

EDS 105

~ Dates: Apr. 16, 17, 23, 24; May 7, 8, 2010

Demonstrates how to recruit, place and guide students, organize a program advisory committee, plan and manage a program budget, implement a plan for preventive maintenance, manage customer service, and reflect current professional association best practices. Examines local state, and federal structure of career technical education. Demonstrates how to plan and prepare a complete course of instruction, including goals, lesson plans, materials, strategies, and assessment procedures, teaching critical thinking and problem solving skills. Develops and uses student and employer follow-up studies as part of an evaluation plan that leads to program improvement. *This is the second of two courses that meet the requirements of the Designated Subjects Career Technical/Adult Education Credential, Level 2.*
