The county superintendent is responsible to ensure that any deficiency is remedied within the first eight weeks of the school term.¹ If, however, the plan to remedy the insufficiency is not implemented, the county superintendent is required to request that the Superintendent of Public Instruction purchase the needed textbooks for the school with the purchase treated as a loan to the district.

¹ *Education Code* Section 1240(i)(4)(C) requires remediation of a deficiency no later than the second month of the school term.
