1B-3. Comparison of County Office Projected County Operated Programs ADA to the Standard

DATA ENTRY: Enter an explanation if the standard is not met.

1a. STANDARD MET - Projected ADA for county operated programs has not exceeded the standard for the budget and two subsequent fiscal years.

Explanation: (required if NOT met)		

CRITERION: LCFF Revenue

STANDARD: Projected local control funding formula (LCFF) revenue for any of the budget year or two subsequent fiscal years has not changed from the prior fiscal year by more than the change in population, plus the county office's gap funding or its cost-of-living adjustment (COLA)¹ plus or minus one percent.

For excess property tax counties, projected LCFF revenue has not changed from the prior fiscal year by more than the percent change in property tax revenues plus or minus one percent.

¹ County offices that are already at or above their LCFF target funding level receive no gap funding. These county offices have a COLA applied to their LCFF target, but their year-over-year revenue increase might be less than the statutory COLA due to certain local factors and components of the funding formula.

3. CRITERION: Salaries and Benefits

STANDARD: Projected total salaries and benefits for any of the budget year or two subsequent fiscal years has not changed from the prior fiscal year amount by more than the change in funded COLA plus or minus five percent.

It is likely that for many county offices the 2014-15 and 2015-16 change from the historical average ratio will exceed the standard because certain revenues that were restricted prior to the LCFF are now unrestricted within the LCFF.

Determining the County Office's Compliance with the Contribution Requirement for EC Section 17070.75 as modified by Section 17070.766 and amended by SB 70 (Chapter 7, Statutes of 2011), effective 2008-09 through 2014-15 - Ongoing and Major Maintenance/Restricted Maintenance Account (OMMA/RMA)

NOTE: SB 70 (Chapter 7, Statutes of 2011) extends EC Section 17070.766 from 2008-09 through 2014-15. EC Section 17070.766 reduced the contributions required by EC Section 17070.75 from 3 percent to 1 percent. Therefore, the calculation in this section has been revised accordingly for that period.

S8. Status of Labor Agreements

Analyze the status of employee labor agreements. Identify new labor agreements, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues, and explain how these commitments will be funded in future fiscal years.

If salary and benefit negotiations are not finalized at budget adoption, upon settlement with certificated or classified staff:

The county office of education must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the California Department of Education (CDE) with an analysis of the cost of the settlement and its impact on the operating budget.

The CDE shall review the analysis relative to the criteria and standards, and may provide written comments to the president of the governing board and the county superintendent of schools.
