SCOE may create a new contractor's list effective January 1st of each year and may include any contractor's name it desires on the contractors list, but must include, at a minimum, all contractors who have properly provided SCOE with the required information, either during the calendar year in which the list is valid or during November or December of the prior year. A contractor may have their firm added to the SCOE's contractors list at any time by providing the required information.
