

**Sacramento
Art Organizations'
Virtual Opportunities
for Summer 2020**

**Home Instruction, Distance Learning,
& Art Education Enhancement**

Welcome to the first publication of the “Art Organizations’ Virtual Offerings for Home Instruction, Distance Learning, and Art Education Enhancement.” This catalogue provides virtual connections to art experiences and art education with art organizations in the Sacramento Region.

The variety of art experiences and art education opportunities are intended to support home learning, enhance schools’ and school districts’ distance learning, and to support art education programs.

This publication will be reviewed and updated annually by the Sacramento County Office of Education to provide the community with ongoing virtual art connections and additional opportunities.

A special thanks to our Sacramento art organizations in your continued partnership in meeting the goal of art education for every student, every day!

OUR MISSION

The mission of the Sacramento Philharmonic and Opera is to foster community, inspire curiosity, and enrich lives through symphonic and opera music.

OUR VISION

To be a collaborative leader in the cultural growth of the Greater Sacramento Region.

OUR HISTORY

Established in 1912 and redeveloped in 2015, the Sacramento Philharmonic & Opera is a collaborative cultural pillar institution dedicated to serving the greater community – from youth music education in the classroom to main stage performances of orchestral and operatic music at the highest regional caliber – and contributing to the growth of Sacramento's Creative Economy.

The Sacramento Philharmonic & Opera is enjoying its fifth season as a melded organization under the executive leadership of Alice Sauro, and once again offers the very best artistic talent and musical innovation to audiences throughout the region. As an emissary for the arts to a culturally diverse region, the organization continues its long history of community engagement and dedication through outreach initiatives that bring the passion of classical music to schools, hospitals, shelters, and more. We retain this spirit of community involvement in our programming choices – from festivals on Beethoven to commissioned new music to holiday shows featuring today's pop, soul and rock artists – by offering a broad spectrum of musical styles we aim to serve our community with many access points.

Summer Writing Workshop: Amplify Your Voice Live Virtual Summer Writing Workshops feature twice daily 90-minute-long sessions where students write together with our professionally trained teaching artist. Students receive grade-level appropriate reading samples, innovative writing prompts and peer-led sharing and feedback workshop sessions. Additional guest artists provide opportunities for students to learn about storytelling through fine art, music, song, performance, and movement.

Phil Tulga
(916) 489-8105
me@philtulga.com

This fall, Phil is offering interactive Virtual Assemblies on Arts Integration. Phil has over 25 years of experience presenting at elementary schools in the Sacramento area. In addition, he has taught Music for Children at American River College, and Jazz Studies courses at CSUS. Phil has been honored by the Mayor and Sacramento City Council for his work in the area of arts education and music. As a professional musician, he has performed with the Sacramento Philharmonic, Broadway Sacramento/Music Circus, and jazz/pop greats including Natalie Cole, Ray Charles, Ella Fitzgerald, Tony Bennett and Lady Gaga.

Dates:

Fall

Cost:

\$350

Age/Demographics:

K-6th grade

Reading for Meaning (comprehension strategies): Reading for Meaning features the classic tale about how the elephant got its trunk—complete with African drums, interactive questions, and think-aloud games. Phil also tells sound stories made up entirely of sound effects. As the students listen to thunderstorms, barking dogs, and race cars, they learn to connect their knowledge of sequence, inference, and prediction, to the sounds in their world. Lastly, Phil shares his favorite reading comprehension games!

Cost:

\$350

Age/Demographics:

K-6th grade

Math, Science, and Technology (energy and fractions): Phil's dynamic presentation integrates hands-on experiments, mobile apps, and a fun collection of technology tools. Using a sound cannon, he shows how mechanical energy moves the air to make sound. He also demonstrates how energy can be converted into multiple forms by transmitting sound over a beam of light using a flashlight and a solar cell. Finally, he shows how energy forms equivalent fractions on musical instruments and with our voices!

Age/Demographics:

K-6th grade

Journey Through the Mind (mindfulness, imagination, and active listening games): Phil begins with an entertaining musical exploration of the brain, focusing on vision, hearing, emotions, memory, and movement. Then he leads everyone through a series of fun activities on imagination, patterns, and memory games. A highlight is when the kids use their imagination to travel beyond the solar system on the Voyager spacecraft! Throughout the program, Phil shows the students his mindfulness breathing exercises for emotional balance, focused listening, and successful learning
