## 2021 School Accountability Report Card

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at [www.cde.ca.gov/ta/ac/sa/](http://www.cde.ca.gov/ta/ac/sa/)

For more information about the LCFF or the LCAP, see the CDE LCFF web page at [www.cde.ca.gov/fg/aa/lc/](http://www.cde.ca.gov/fg/aa/lc/)

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at [dq.cde.ca.gov/dataquest/](http://dq.cde.ca.gov/dataquest/) that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) [www.caschooldashboard.org/](http://www.caschooldashboard.org/) reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2021-22 School Overview

The Special Education Department at SCOE offers a range of services to students with moderate to severe disabilities that promote an engaging and positive learning environment. Using a standards-aligned resource, the Special Education Administrators of County Offices (SEACO) Curriculum Guide for Students with Moderate to Severe Disabilities, teachers are providing instruction that addresses the state standards and is adapted to meet the individual learning needs of each student. Teachers provide instruction using state adopted, Common Core standards-based curriculum and in addition, implementation of the Mobility Opportunities Via Education (MOVE) Curriculum which further addresses the special needs of students to facilitate access to educational and community opportunities. Services provided by highly qualified specialists in the fields of speech and language development, vision, orientation and mobility, and nursing ensure a program that educates the whole child. Students are educated in classrooms located on general education campuses throughout the county, which provides opportunities to interact with non-disabled peers on a daily basis.

Students with Disabilities	100

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

### 2019-20 Teacher Preparation and Placement

Authorization/Assignment	2019-20
Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)	
Intern Credential Holders Properly Assigned	
Teachers Without Credentials and Misassignments (“ineffective” under ESSA)	
Credentialed Teachers Assigned Out-of-Field (“out-of-field” under ESSA)	
Unknown	
Total Teaching Positions	

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

### 2019-20 Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

Authorization/Assignment	2019-20
Permits and Waivers	
Misassignments	
Vacant Positions	
Total Teachers Without Credentials and Misassignments	

### 2019-20 Credentialed Teachers Assigned Out-of-Field (considered “out-of-field” under ESSA)

Total Out-of-Field Teachers	

## 2019-20 Class Assignments

Indicator	2019-20
<b>Misassignments for English Learners</b> (a percentage of all the classes with English learners taught by teachers that are misassigned)	
<b>No credential, permit or authorization to teach</b> (a percentage of all the classes taught by teachers with no record of an authorization to teach)	

## 2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

All students with severe disabilities have access to standards-based core curriculum that is linked to the following alternate assessment areas: communication, self-care/independent living, mobility/motor skills, functional academics, vocational, social emotional, and recreation/leisure. The adopted curriculum addresses the unique needs of each student while addressing independence and self-advocacy.

**Year and month in which the data were collected** September 2021

## School Facility Conditions and Planned Improvements

Each classroom that houses a class for students with severe disabilities is maintained to ensure the health and safety of the students and staff who use the room daily. SCOE collaborates with district personnel to provide appropriate building maintenance. Teachers and classroom staff are provided with supplies that enable them to have a healthy environment. All of the facilities meet current building codes for safety, and are maintained to ensure the health and safety of the students and staff who use classrooms daily.

Facilities inspections are ongoing, and custodial services are provided to ensure a healthy environment for students and staff. SCOE's maintenance staff ensures that the repairs necessary to keep the schools in good working order are completed in a timely manner. A work order process is used to ensure efficient service, and emergency repairs are given the highest priority. Classrooms and restrooms are adapted and equipped to meet the students' needs. Some buildings housing programs for students with severe disabilities are older; SCOE is addressing the repairs and updating of these facilities in a methodical manner, as resources will allow.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21
<b>English Language Arts/Literacy</b> (grades 3-8 and 11)	N/A	N/A	N/A	N/A	N/A	N/A
<b>Mathematics</b> (grades 3-8 and 11)	N/A	N/A	N/A	N/A	N/A	N/A

## 2020-21 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment. The CDE will populate this table for schools in cases where the school administered the CAASPP assessment. In cases where the school administered a local assessment instead of CAASPP, the CDE will populate this table with “NT” values, meaning this school did not test students using the CAASPP. See the local assessment(s) table for more information.

## 2020-21 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment. The CDE will populate this table for schools in cases where the school administered the CAASPP assessment. In cases where the school administered a local assessment instead of CAASPP, the CDE will populate this table with “NT” values, meaning this school did not test students using the CAASPP. See the local assessment(s) table for more information.

## CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative testing suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

For any 2020-2021 data cells with N/T values indicate that this school did not test students using the CAASPP Science.

## 2020-21 Career Technical Education Programs

### Dropout and Graduation Rate

There are no dropout or graduates for students in our Mod/Severe classrooms. The SCOE Special Education programs for severely handicapped students follow an alternative, standards-based curriculum that addresses the individual student goals as delineated in their Individualized Education Program (IEP) plan. This curriculum focuses on functional skills and does not lead to a diploma as defined by California Education Code; students are recognized with a Certificate of Achievement.

### WorkAbility

The WorkAbility Program provides funding to students with significant disabilities to help them prepare to transition successfully from school to the adult world. Students participate in curriculum designed to maximize independence and develop skills related to transition goals. Many of the activities take place in the community and are based on typical adult life activities. In addition, students and their families are connected to adult service providers to make the transition as seamless as possible.

### Mobility Opportunities Via Education Curriculum (MOVE)

Mobility Opportunities Via Education (MOVE) is an internationally known curriculum designed to promote enhanced learning for students with significant physical disabilities through positioning and movement with support. Students practice motor skills while engaging in other educational or recreational activities. The concept "move to do what?" is the basis of this practice. The curriculum is research based and includes a systematic process of recording progress for each individual. SCOE has implemented this curriculum for many years and in 2007 became a Model Demonstration Site.

## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

## 2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

Grade Level	Percentage of Students Meeting Four of Six Fitness Standards	Percentage of Students Meeting Five of Six Fitness Standards	Percentage of Students Meeting Six of Six Fitness Standards
Grade 5	N/A	N/A	N/A
Grade 7	N/A	N/A	N/A

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

## 2021-22 Opportunities for Parental Involvement

Parents and guardians of students enrolled in special education classes designed to serve students with moderate to severe disabilities have various opportunities for involvement. The primary opportunity is the Individualized Education Program (IEP) plan. Each student's education plan is reviewed at least annually and more often if needed. Parents and guardians are

## 2021-22 Opportunities for Parental Involvement

provided with written information regarding their student's progress on goals delineated in the IEP. Meetings are scheduled to enable parents and guardians to attend and provide their input into the progress and planning for their student. During the last school year, and as part of our continued implementation of the MOVE Program, moderate/severe programs focused on practical support to increase our partnerships with parents, guardians, and primary caregivers.

### C. Engagement

#### State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

## Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

Expulsions	0.00	0.00	0.06	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

## 2021-22 School Safety Plan

All of the classes in the Special Education program are located on campuses of schools within the districts that SCOE serves. Elements of the school safety plan include Fire Emergency Procedures, Shelter in Place Procedures, Emergency Contact Protocol, and Earthquake Emergency Procedures. Each classroom has an emergency procedure chart for immediate access. A Safety Committee reviews the existing safety plan on an annual basis and staff meetings may involve ongoing reviews of the Site's Safety Plan. The classroom staff ensure that the front office has essential information for each student enrolled in the SCOE class and have a plan in place with their colleagues for getting assistance in evacuating students who are not independently mobile. Classroom staff are trained in bloodborne pathogens, mandated reporter, first aid and CPR.

## 2020-21 Types of Services Funded

The Special Education Department of Sacramento County Office of Education (SCOE) offers special education services to students with significant and complex disabilities. These students' needs have been identified in an Individualized Education Program (IEP) plan developed by a school district or county office of education program team. There are classrooms located throughout the county and located on general education campuses. SCOE works closely with the districts to provide students with age appropriate campuses that give them opportunities to interact with their peers.

## 2020-21 Advanced Placement (AP) Courses

This table displays the percent of student in AP courses at this school.

## Professional Development

Curriculum and student behavior improvement goals and programs are directly correlated to identified needs annually. All staff members are trained in the curriculum appropriate to the instructional needs of each student. Staff development is aligned to content standards, alternative assessment, and professional needs. Teachers and paraeducators participate in ongoing training in curriculum, behavior management, student assessment, and use of assistive technology. Workshops in the area of positive behavior interventions and supports are developed to assist the instructional staff with evaluating and improving the classroom and school-wide systems. During 2019-20, 2020-21, and 2021-22, staff received training in Social-Emotional Foundations for Early Learning, Reflective Practices in Teaching, Curriculum, Standards-Based IEPs, and the MOVE Program.

This table displays the number of school days dedicated to staff development and continuous improvement.

## 2020-21 Local Accountability Report Card (LARC) Addendum

### Local Accountability Report Card (LARC) Addendum

#### 2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Student Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
